

MEMBERSHIP APPLICATION

American Society for Experimental NeuroTherapeutics

Advancing neurotherapeutics through collaborations
between academia, advocacy, government and industry

Purpose Statement

The purpose of the American Society for Experimental NeuroTherapeutics is to:

- Provide a forum for broadly defined interest areas of academia, government, advocacy and industry concerned with the field of neurotherapeutics.
- Promote dialogue, understanding and cooperation among the interested groups.
- Develop information and seek consensus on matters germane to the organization's mission.
- Organize education and training for healthcare practitioners, biomedical scientists and officials participating in the neurotherapeutics field.

Membership Benefits

As a member of ASENT, you receive:

- A subscription to *Neurotherapeutics*® the journal, a quarterly publication focused on critical reviews of topics essential to current and future central nervous system therapeutics.
- The opportunity to participate in forums developed to influence the future of neurotherapeutics.
- Discounted registration fees for the ASENT Annual Meetings.
- A scientific forum for publication and abstract presentations through the Annual Meeting.
- Access to the password-protected membership directory on the ASENT web site, www.asent.org, to allow networking with your colleagues.

Membership dues are for January 1 to December 31. All applications are subject to review and approval by the ASENT Board of Directors. The American Society for Experimental NeuroTherapeutics is a non-profit association.

Membership Categories and Investment

Regular Member – Dues \$250 annually

Qualifications: Professionals who demonstrate an interest in the field of neurotherapeutics. Membership includes the privilege of participating in all ASENT scientific meetings at a 30% discounted registration rate, serving on committees, voting and holding office.

Trainee Member – Dues \$100 annually

Qualifications: Physicians in training, doctoral candidates and post-doctoral fellows who are receiving training and experience or competence in neurological therapeutics. Trainee Members may advance to full membership upon completion of training. Trainee Members may participate in ASENT functions at a reduced rate.

Government Member – Dues \$50 annually

Qualifications: Professionals who are employed full-time by a US government agency or office who demonstrate an interest in the field of neurotherapeutics. Government members share the same benefits and privileges as Regular Members.

Advocacy Member – Dues \$125 annually

Qualifications: Professionals who are employed full-time by or volunteer with a patient advocacy organization who demonstrate an interest in the field of neurotherapeutics. Advocacy members share the same benefits and privileges as Regular Members.
